Fine stationery collection

# A collection *of* content and style.

MONOCLE × LEUCHTTURM1917

The premium notebook brand LEUCHTTURM1917 presents its first design cooperation. An exclusive collection of high-quality stationery products was the result of a creative synergy with the international lifestyle magazine MONOCLE.

Refined details and distinctive design are the quintessence of this collaboration. A specially developed colour palette, fine linen covers and the signature monogram embossing in gold distinguish the collection of elegant hard and soft cover notebooks, Weekly Diaries, Accordion notebooks along with accessories such as Pen Loops and the designaward winning Drehgriffel No. 1. These are combined with content produced by MONOCLE's editorial

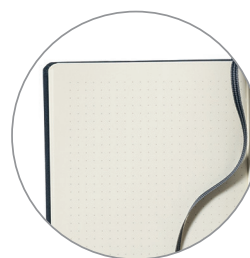

department, which present, for example, 20 ideas for living a quieter, more considered life or a supplementary booklet with 25 city profiles of fascinating metropolises like Barcelona, Tokyo or Milan, to originate a collection of smart everyday companions for discerning individuals with an appreciation of urban living.

LEUCHTTURM1917 and MONOCLE share the passion for high-quality products that feature clear and functional design, a pronounced sense of quality and style as well as finely nuanced details and pertinent content. This mutual vision was decisive for the extraordinary design cooperation, which LEUCHTTURM1917 entered into with another premium brand for the first time.
